## Director General's Message

The Employees' State Insurance Corporation has been a stalwart in the field of social security, consistently providing comprehensive benefits to eligible workers throughout India. Over the decades, ESIC has tirelessly pursued its mission to offer health protection and vital social security benefits to formal sector workers covered by the ESI Act, making it the leading social security organization in India.

In a recent development, ESIC actively participated in the 1st Annual Pathology Conference of Haryana Chapter of IAPM, showcasing its significant contributions to advancing medical knowledge within the community. This involvement reflects ESIC's commitment to staying at the forefront of medical advancements.

ESIC's commitment to enhancing service delivery is evident through initiatives like Suvridha Samagam, which aims to connect with beneficiaries and ensure efficient delivery of services. Technological advancements, including the revised AAA+ app and e-Sanjeevani 2.0 app for telemedicine, showcase ESIC's dedication to modernizing healthcare services.

ESIC's annual preventive health check-up camps, innovative "Hub and Spoke model," and the introduction of 5G ambulance services highlight its commitment to providing state-of-the-art care. The launch of in-house chemotherapy services for advanced cancer care underlines ESIC's focus on comprehensive healthcare solutions.

ESIC embraces technology to improve accessibility and service quality. The introduction of digital life certificates through the Jeevan Pramaan app and 'ESIC Mitra,' an AI-powered chatbot, exemplify ESIC's adoption of technology for better service and guidance. The use of QR codes to connect with stakeholders on social media enhances communication and engagement.

ESIC recently took a stand against corruption during Vigilance Awareness Week 2023. This initiative highlighted the organization's unwavering commitment to ethical values and principles, reinforcing its dedication to transparency and integrity.

ESIC contributes to employment opportunities through participation in rozgar mela, providing appointment letters to 5,079 candidates so far. The provisional payroll data for August 2023 reflects significant expansion, with the inclusion of 19.42 lakh new employees and 24,849 establishments. ESIC's commitment to gender inclusivity is evident through the enrollment of 3.73 lakh women members and 75 transgender employees.

ESIC's tireless commitment to comprehensive social security, innovation, and its unwavering dedication to its mission positions it as the cornerstone of social security in India. As it expands and adapts to the evolving needs of the workforce, ESIC remains a symbol of hope and support for millions of workers across the country.

Furthermore, during his visit, the Director General paid a visit to the Aadhaar Seeding Kiosk established at the hospital. Aadhaar seeding is an important process that helps in ensuring the accuracy of beneficiary data and plays a significant role in the efficient delivery of ESIC services.

## Vigilance Awareness Week 2023: ESIC takes a Stand Against Corruption

In a resolute move against corruption, Employees' State Insurance Corporation initiated the observance of Vigilance Awareness Week from the 30th of October to the 5th of November, 2023. The theme for this campaign was "Say No to Corruption, Commit to the Nation."

Vigilance Awareness Week in ESIC began with the solemn taking of the integrity oath at 11:00 am. This symbolic act underscores the commitment of ESIC employees and officials to resist corruption and remain dedicated to the nation's welfare.

The initiative encourages everyone to join the fight against

corruption and play their part in making India a corruption-free nation.

ESIC, under the leadership of Dr. Rajendra Kumar, Director General, is dedicated to making a significant contribution to the battle against corruption. The observance of Vigilance Awareness Week 2023 serves as a reminder that, collectively, we can make a positive impact and build a future free from corruption. Say No to Corruption and commit to the future of our nation; together, we can create a difference.

## Suvidha Samagam convened at ESIC, Headquarters

Suvidha Samagam convened at the headquarters of the Employees' State Insurance Corporation under the chairmanship of Dr. Rajendra Kumar, Director General of ESIC. The event

took place at the ESIC headquarters and was attended virtually by insured persons, beneficiaries, employers, employees' representatives, and officials from various ESIC field offices and

hospitals across the country.

During the Suvidha Samagam, Dr. Rajendra Kumar, Director General, attentively listened to the grievances and concerns raised by ESIC stakeholders. He issued instructions to all relevant ESIC officers to provide immediate resolutions to these issues wherever possible. In cases where resolving the grievances on the spot was not feasible, Dr. Rajendra Kumar directed that these concerns should be addressed within one week's time.

Dr. Rajendra Kumar emphasized the importance of events like Suvidha Samagam in building trust between the ESIC and its stakeholders. Recognizing the need to provide a platform for insured persons and their beneficiaries to have their grievances addressed, ESIC, in collaboration with the Employees' Provident Fund Organization (EPFO) through their initiative 'Nidhi Apke Nikat,' conducts Suvidha Samagams on the 27th of every month. These serve as a one-stop solution for alleviating and redressing the problems faced by ESIC stakeholders.

Various key officials, including the Financial Commissioner, Insurance Commissioners, Medical Commissioners, and officers from ESIC headquarters and field offices participated in the meeting.

## 1st Annual Pathology Conference of Haryana Chapter of IAPM took Place at ESIC MCH Faridabad

The 1st Annual Pathology Conference of the newly formed Haryana Chapter of the Indian Association of Pathologists and Microbiologists (IAPM) took place at ESIC Medical College &

Hospital in Faridabad, Haryana. The event was having gracious presence of Dr. Rajendra Kumar, Director General, ESIC, as the Chief Guest.

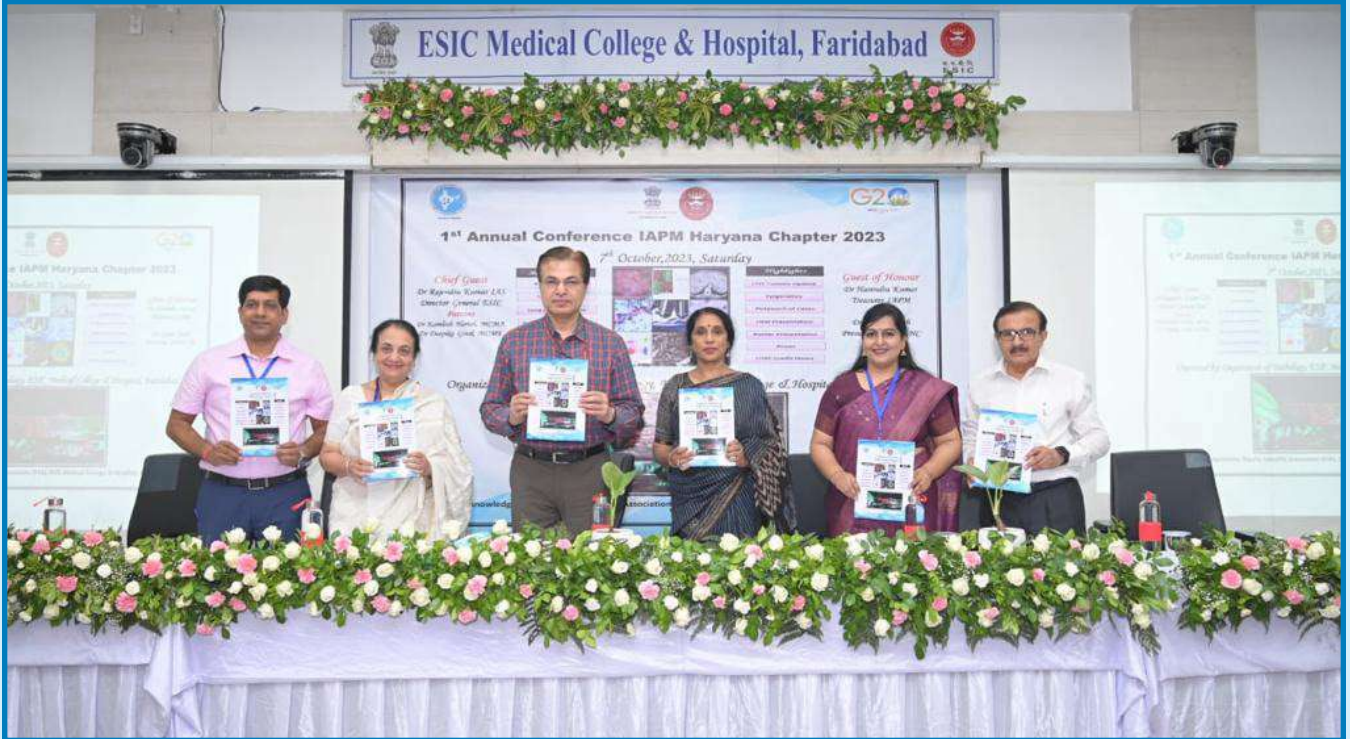

The conference witnessed distinguished speakers in the field of pathology, along with the Dean, Medical Superintendent, and doctors from ESIC Medical College & Hospital, Faridabad.

During the conference, Dr. Rajendra Kumar highlighted the exceptional work carried out by ESIC, which runs one of the largest social security schemes globally, serving a clientele base of approximately 13.5 crore individuals. He discussed recent technology-based initiatives aimed at improving service delivery

to beneficiaries. These initiatives include the revamped AAA+ app for appointments, the e-Sanjeevani 2.0 app for telemedicine, and the provision of drug delivery and sample collection at the homes of beneficiaries. Additionally, he mentioned the availability of all cash benefits of the ESI Scheme online, allowing beneficiaries to claim their benefits from the comfort of their homes, eliminating the need to visit ESIC offices.

The conference covered various topics in the field of pathology and microbiology, including the use of Artificial Intelligence in Cytopathology, Liquid Biopsy, Lung Cancer updates, Colonoscopy Biopsy, Soft Tissue Sarcomas, and IF in Renal Biopsy. The

distinguished speakers shared their insights and discussed recent advancements in medical sciences, focusing on pathology and microbiology.

## सुविधाजनक ओपीडी पंजीकरण के लिए ईएसआईसी “AskAnAppointment” मोबाइल ऐप

कर्मचारी राज्य बीमा निगम ने रोगी ओपीडी पंजीकरण प्रक्रिया को सरल बनाने और इसे ऑनलाइन प्लेटफॉर्म के माध्यम से अधिक उपयोगकर्ता-अनुकूल बनाने के उद्देश्य से “AskAnAppointment” या AAA+ नामक एक मोबाइल एप्लिकेशन पेश किया है।

यह मोबाइल एप्लिकेशन Google Play Store पर निःशुल्क डाउनलोड के लिए आसानी से उपलब्ध है, और यह अंग्रेजी, हिंदी और छह क्षेत्रीय भाषाओं सहित कई भाषाओं में लाभार्थियों को सेवाएं प्रदान करता है। इस ऐप का प्राथमिक उद्देश्य लाभार्थियों को उनके निर्दिष्ट औषधालयों या अस्पतालों में ओपीडी (आउटपैशेंट विभाग) पंजीकरण के लिए अपॉइंटमेंट शेड्यूल करने में सक्षम बनाना है, जिससे उन्हें लंबी कतारों में इंतजार करने की परेशानी से बचते हुए प्राथमिकता से सेवाएं प्रदान की जा जाएं।

AAA+ ऐप की प्रमुख विशेषताओं में से एक इसका OTP (वन-टाइम पासवर्ड) आधारित प्रमाणीकरण है, जो उपयोगकर्ताओं की व्यक्तिगत जानकारी की सुरक्षा और गोपनीयता सुनिश्चित करता है। इसके

अतिरिक्त, लाभार्थियों के पास आवश्यकतानुसार अपनी नियुक्तियों को पुनर्निर्धारित करने या रद्द करने की सुविधा है। इसके अलावा, ऐप फीडबैक के लिए एक चैनल प्रदान करता है, जिससे उपयोगकर्ता एप्लिकेशन के निरंतर सुधार में योगदान कर सकते हैं।

AAA+ ऐप को उपयोगकर्ता के अनुकूल इंटरफेस के साथ डिजाइन किया गया है, जिससे उपयोगकर्ताओं के लिए अपने एंड्रॉइड स्मार्टफोन पर कुछ ही टैप से ईएसआईसी अस्पतालों और डिस्पेंसरियों में अपॉइंटमेंट बुक करना आसान हो जाता है। यह अभिनव समाधान लंबी कतारों में खड़े होने की आवश्यकता को समाप्त करता है, लाभार्थियों को स्वास्थ्य सेवाओं तक पहुंचने का एक सुविधाजनक और कुशल तरीका प्रदान करता है। रोगी के अनुभव को बढ़ाने के लिए ईएसआईसी की प्रतिबद्धता “AskAnAppointment” मोबाइल ऐप की शुरुआत में स्पष्ट है, जो अपने लाभार्थियों को सुलभ और सुव्यवस्थित स्वास्थ्य सेवाएं प्रदान करने के उनके मिशन के साथ सफलतापूर्वक जुड़ गया है।

## ESIC's Innovative Initiative: Drug Delivery at the Doorsteps of Beneficiaries

In a remarkable move to enhance healthcare accessibility and ease the burden on senior citizens, ESIC has introduced an innovative initiative: drug delivery to the homes of eligible beneficiaries. This initiative is designed to provide a convenient and hassle-free solution for senior citizens, making it easier for them to access essential medicines for chronic diseases.

The pilot project for this groundbreaking initiative was initiated in January 2023, encompassing all eight Medical College and Hospitals under ESIC. The success of the pilot project has paved the way for the second phase, which is set to expand this service to all ESIC Hospitals this year.

The beneficiaries who are eligible for this service are individuals above the age of 60 years. They can now receive their medications for chronic diseases conveniently and efficiently, with up to a 90-day supply being couriered directly to their doorstep.

The concept of doorstep medicine delivery is a game-changer, particularly for senior citizens who often face challenges in physically visiting hospitals or dispensaries to collect their medications. This initiative aligns with ESIC's commitment to improving the healthcare experience for its beneficiaries, especially the elderly.

By providing this service, ESIC aims to ensure that senior citizens have uninterrupted access to their essential medications, ultimately promoting better health outcomes. This initiative not only simplifies the process for beneficiaries but also showcases ESIC's dedication to embracing technology and innovation to enhance the quality of healthcare services.

As this initiative expands to cover all ESIC Hospitals, it is expected to have a positive and lasting impact on the lives of senior citizens. It's a step in the right direction towards achieving a more patient-centric healthcare system that values accessibility, convenience, and the overall health and well-being of its beneficiaries.

### Home delivery of medicines for ESIC beneficiaries

- No need to go to hospital, dispensary to get medicine
- Service is available in 8 medical colleges and hospitals of ESIC
- This service is for the elderly and people suffering from serious chronic diseases
  - Medicine available for 90 days at one go
  - Set to expand this service to all ESIC Hospitals

## ESIC's Annual Preventive Health Check-up: A Step Towards Better Health

In a significant move to prioritize the well-being of its beneficiaries, ESIC introduced the Annual Preventive Health Check-up Programme. Launched during the 186th meeting of ESIC Corporation on December 4, 2021, this program was specifically targets Insured Persons (IPs) and Insured Women (IWs) aged 40 years and above. The initiative was inaugurated by the Shri Bhupender Yadav, Union Minister of Labour and Employment as part of the "Azadi Ka Amrit Mahotsav" celebration, an initiative of the Government of India.

The ESI Scheme plays a crucial role in providing social security coverage to Insured Persons, Insured Women, and their dependent family members by offering various medical benefits, including preventive, promotive, curative, and rehabilitative medical services. Recognizing the importance of preventive health services, especially in light of the increasing occupational and industrial hazards and rapidly changing lifestyles, ESIC has taken a proactive step to ensure the health and well-being of its beneficiaries.

Preventive health services are vital as they address health conditions that may not display clear signs and symptoms until they have reached advanced stages. Early diagnosis not only ensures better health outcomes but also helps in timely intervention and management. A significant burden of illness, both in terms of health and finances, arises from conditions like heart disease, kidney problems, and complications of diseases such as hypertension, diabetes, or cancer. Many of these conditions can be prevented or better managed through early detection.

ESIC has been actively working on strengthening its preventive health services to benefit IPs and IWs. With the introduction of the Annual Preventive Health Check-up Programme, ESIC takes its commitment a step further. The programme focuses on conducting regular health check-ups for IPs and IWs aged 40 years and above, with a particular emphasis on early detection.

### **Annual Preventive Health Checkup Camp**

- Service available to insured workers above 40 years of age
- Annual preventive health checkup camp organized in ESIC hospitals
  - Health checkup by expert doctors and trained staff of ESIC
    - Investigation by modern equipment
  - Formation of special cell to monitor health check-up camp

## ESIC's Innovative 'Hub and Spoke Model': Revolutionizing Healthcare Services

ESIC has unveiled an innovative healthcare service delivery model known as the 'Hub and Spoke Model.' This forward-thinking approach is designed to enhance the accessibility and quality of healthcare services for insured individuals and their families. It optimizes resource utilization and ensures that healthcare services are readily available to those in need. ESIC is currently employing this model to streamline chemotherapy, telemedicine services, and the management of occupational diseases in ESIC Hospitals.

The 'Hub and Spoke Model' operates through a multi-tiered system:

**Level-I (HUB):** The Hub is established at prominent ESIC healthcare institutions, including ESIC Medical College Hospitals and ESIC Super Specialty Hospitals. At this level, experienced healthcare professionals and specialists are stationed. They provide consultations to doctors at ESI dispensaries and model hospitals, offering guidance and expertise to enhance patient care.

The Hub Hospital's primary focus is to develop super-specialty services such as Dialysis and Chemotherapy in hospitals with a

capacity of 100 beds or more.

**Level-II:** ESI hospitals at this level are linked to the Hub. Spoke hospitals can send their technical staff, specialist doctors, medical officers, and resident doctors to the Hub Hospitals to receive hands-on training in super-specialty day-care services like Dialysis and Chemotherapy. The Hub hospital serves as an expertise and resource center when needed.

**Level-III:** The dispensary, which serves as the front-line healthcare unit, can also benefit from the 'Hub and Spoke Model.' To enhance the expertise and delivery of healthcare services, dispensary doctors can seek telemedicine support from Level-II. This ensures the best possible treatment plan and care for the patients, particularly in remote or underserved areas.

The 'Hub and Spoke Model' represents a significant leap in the way healthcare services are delivered. By adopting this model, ESIC aims to efficiently leverage technology and expert resources to make healthcare services more accessible, convenient, and responsive to the healthcare needs of insured individuals across the country.

### Hub and spoke model of ESIC

- Availability of quality health services for ESIC beneficiaries
- Access to chemotherapy, telemedicine services and other disease management
- ESIC medical colleges and big hospitals are working as hubs.

## ESIC Introduces Groundbreaking 5G Ambulance Service for Faster Emergency Care

In critical moments where every second counts and can be the difference between life and recovery, rapid access to emergency medical care is of paramount importance. ESIC hospitals have always been committed to providing top-notch emergency medical services, and now they're taking it to the next level with the introduction of the 5G Ambulance Service. This innovative service represents a significant advancement in reducing response times and delivering high-quality treatment promptly.

ESIC is proud to unveil its groundbreaking 5G Ambulance Service. This state-of-the-art ambulance is equipped with a GPS tracking system and patient monitoring equipment that complies with HL7 standards, enabling the real-time tracking of a patient's medical data. This critical information is continuously transmitted to the Augmented Reality (AR)-enabled Command Centre at ESIC Hospital, where experienced specialist doctors vigilantly monitor the patient's vital signs and intervene as necessary.

What sets ESIC's 5G Ambulance Service apart is the seamless connectivity facilitated by cutting-edge 5G communication

technology. This means that from the moment a patient steps into the ambulance, ESIC's medical personnel can initiate treatment promptly, ensuring that every moment counts in the race to save lives.

This 5G Ambulance Service isn't just about providing fast transportation; it's about delivering medical care in the golden window of opportunity when early intervention can make a significant difference. By ensuring that medical data is continuously monitored and transmitted to the AR-enabled Command Centre, ESIC is taking a proactive approach to emergency care.

When an emergency arises, ESIC Hospital is prepared to provide the crucial last-mile connectivity in healthcare. The 5G Ambulance Service is a testament to ESIC's dedication to providing a healthier and safer community.

To provide advanced emergency medical care to insured workers and their dependents, 5G ambulance service is available at ESIC's major hospitals in Bihta (Patna), Faridabad, Chennai, Joka (Kolkata), Bengaluru, Sanath Nagar (Hyderabad) and Kalaburagi (Karnataka).

### ESIC Augmenting The Medical Care With 5G

- Reducing Response time
- Real-time tracking of patient's medical data
- GPS Tracking System & Patient Monitoring Equipment
- State-of-the-art SG communication technology ensuring dependable connection

## ESIC Hospitals Introduce In-House Chemotherapy Services for Enhanced Cancer Care

In a significant development in the healthcare sector, Shri Bhupender Yadav, Union Minister for Labour & Employment and Environment, Forest and Climate Change, marked a major milestone by launching chemotherapy services in 30 ESIC Hospitals across the country during the 191st meeting of the ESI Corporation on August 31, 2023.

The introduction of in-house chemotherapy services in ESIC Hospitals signifies a commendable effort to provide enhanced care to cancer patients. This initiative brings numerous advantages to both ESIC and its beneficiaries.

One of the most prominent advantages is cost-effectiveness. By offering in-house chemotherapy services, ESIC significantly reduces referral expenses. For beneficiaries, this translates to consistent and readily available treatment within their own hospitals. No longer will outside referrals be necessary, simplifying the treatment process and reducing the financial burden on patients.

Furthermore, this initiative is designed to provide patients with the convenience of receiving chemotherapy in the same hospital

where they are already receiving other medical care. This not only streamlines the patient experience but also reduces the need for additional travel, making cancer care more accessible and less disruptive to the lives of patients and their families.

The introduction of in-house chemotherapy services has a direct and positive impact on patients. Early access to chemotherapy is crucial for many cancer patients, and this initiative ensures that they receive the necessary care promptly. In addition, the quality of care is significantly improved, as patients are treated by their own ESIC doctors who are familiar with their medical history and specific needs.

ESIC's commitment to providing comprehensive healthcare services is underscored by this groundbreaking initiative. By offering in-house chemotherapy services, ESIC is making a significant contribution to the well-being of its beneficiaries and their families, ultimately enhancing the quality of cancer care and making it more accessible. This development marks a positive step forward in the fight against cancer and stands as a testament to ESIC's dedication to improving healthcare services for all.

## ईएसआईसी द्वारा ई-संजीवनी टेली-परामर्श प्रणाली के साथ स्वास्थ्य सेवा में क्रांति

ईएसआईसी स्वास्थ्य सेवाओं को सुलभ, सुविधाजनक और कुशल बनाने के लिए नवीन समाधान देने के लिए प्रतिबद्ध है। ऐसा ही एक परिवर्तनकारी कदम है अपने सभी अस्पतालों को ई-संजीवनी पोर्टल में एकीकृत करना।

ई-संजीवनी टेली-परामर्श प्रणाली एक नागरिक-केंद्रित वेब एप्लिकेशन है। यह सुरक्षित और संरचित वीडियो-आधारित नैदानिक परामर्श की सुविधा प्रदान करता है, अस्पताल-आधारित डॉक्टरों को रोगियों से जोड़ता है, जिससे उन्हें अपने घरों या अपनी पसंद के किसी भी स्थान से आराम से स्वास्थ्य सेवाएँ प्राप्त करने की अनुमति मिलती है। ईएसआईसी का मिशन सभी बीमित व्यक्तियों के लिए लागत-मुक्त चिकित्सा परामर्श सेवाओं तक पहुंच को आसान बनाना है, भले ही उनकी भौगोलिक स्थिति कुछ भी हो।

ई-संजीवनी एप्लिकेशन का नवीनतम संस्करण कई असाधारण विशेषताएं पेश करता है:

- केंद्रीय रूप से होस्ट किया गया: अद्वितीय पहुंच के लिए एप्लिकेशन को केंद्रीय रूप से होस्ट किया गया है, जिससे यह सुनिश्चित होता है कि इंटरनेट कनेक्शन वाला कोई भी व्यक्ति इसकी सेवाओं से लाभ उठा सकता है।
- मोबाइल संगतता: यह एक वेब-आधारित एप्लिकेशन है जो सुविधा और उपयोग में आसानी सुनिश्चित करते हुए मोबाइल उपकरणों के साथ पूरी तरह से संगत है।
- डॉक्टर-से-डॉक्टर परामर्श: सिस्टम डॉक्टर-टू-डॉक्टर परामर्श का समर्थन करता है, जिससे चिकित्सा पेशेवरों को प्रभावी ढंग से सहयोग करने में सक्षम बनाया जाता है।
- एकीकृत संचार: यह डॉक्टरों और रोगियों के बीच प्रभावी बातचीत के लिए एकीकृत वीडियोकांफ्रेंसिंग और पाठ-आधारित संचार के लिए समर्थन प्रदान करता है।

• चिकित्सा परिणाम देखना: एप्लिकेशन मरीजों और डॉक्टरों को एक्स-रे, सीटी-स्कैन और एमआरआई परिणाम देखने की अनुमति देता है, जिससे निदान और उपचार योजना में सहायता मिलती है।

• ई-प्रिस्क्रिप्शन प्रणाली: इसमें निर्बाध स्वास्थ्य देखभाल प्रबंधन के लिए एक एकीकृत ई-प्रिस्क्रिप्शन प्रणाली शामिल है।

• व्यापक डैशबोर्ड: उपयोगकर्ताओं के पास एक व्यापक डैशबोर्ड तक पहुंच है जो मूल्यवान अंतर्दृष्टि और संकेतक प्रदान करता है।

• पीएचआरएमएस के साथ एकीकरण: एप्लिकेशन को स्वास्थ्य और परिवार कल्याण मंत्रालय के माई हेल्थ रिकॉर्ड (पर्सनल हेल्थ रिकॉर्ड मैनेजमेंट सिस्टम-पीएचआरएमएस) के साथ एकीकृत किया गया है, जो रोगी के पीएचआर प्रोफाइल में स्वास्थ्य रिकॉर्ड के आजीवन भंडारण को सक्षम बनाता है।

• एसएमएस सूचनाएं: उपयोगकर्ताओं को एसएमएस सूचनाओं और अलर्ट के साथ सूचित रखा जाता है, जिससे यह सुनिश्चित होता है कि वे कभी भी कोई अपॉइंटमेंट या महत्वपूर्ण स्वास्थ्य अपडेट न चूकें।

• भविष्य का एकीकरण: ईएसआईसी के पास अधिक समग्र स्वास्थ्य देखभाल दृष्टिकोण के लिए ईएसआईसी धनवंतरी के साथ भविष्य के एकीकरण की योजना है।

यह महत्वपूर्ण विकास पूरे देश में ईएसआईसी के बीमित व्यक्तियों के लिए स्वास्थ्य सेवाओं को अधिक सुलभ और कुशल बनाने की दिशा में एक महत्वपूर्ण कदम है। ईएसआईसी यह सुनिश्चित करने के लिए समर्पित है कि सभी के लिए गुणवत्तापूर्ण स्वास्थ्य सेवा बस एक क्लिक की दूरी पर हो।

### ई-संजीवनी

- बीमित कामगारों के लिए गुणवत्तापूर्ण स्वास्थ्य सेवा बस एक क्लिक दूर
- ईएसआईसी चिकित्सकों द्वारा टेली-परामर्श प्रणाली के माध्यम से बीमित कामगार व लाभार्थी घर बैठे गुणवत्तापूर्ण स्वास्थ्य सेवाओं का लाभ उठाएं
  - स्वास्थ्य जांच रिपोर्ट एवं रिकॉर्ड की ऑनलाइन उपलब्धता

## ESIC Pensioners Can Now Easily Submit Digital Life Certificates Through Jeevan Pramaan App

In a move aimed at simplifying the process for ESIC pensioners, ESIC has introduced a user-friendly method for submitting Digital Life Certificates (DLC). Pensioners can now conveniently complete this essential task through the Jeevan Pramaan App using a mobile phone or a personal computer. The only prerequisite for utilizing this digital service is the linkage of one's Aadhar card with ESIC.

The introduction of the Jeevan Pramaan App as a DLC submission platform offers numerous advantages. It not only simplifies the process but also enhances convenience for pensioners, who can now complete this task from the comfort of their homes.

To submit a Digital Life Certificate via the Jeevan Pramaan App, pensioners can involve biometric authentication to establish their identity. Once authenticated, the DLC is generated and sent directly to ESIC, eliminating the need for in-person visits or paperwork.

This initiative not only benefits pensioners but also contributes to the overall efficiency of ESIC's operations. It reduces administrative overhead, minimizes the risk of errors in manual data entry, and ensures a more secure and streamlined process for handling pension-related matters.

# Provisional Payroll Data of ESIC for the Month of August, 2023

The provisional payroll data of the Employees' State Insurance Corporation for the month of August 2023 reflects promising trends in employment and social security coverage in the country. The data indicates that 19.42 lakh new employees were added to the ESIC in August 2023. This suggests a growth in formal employment, as these employees are now covered by the social security provisions of ESIC.

An encouraging aspect of the data is the registration of 24,849 new establishments under ESIC during the same period. This means that more businesses and employers are recognizing the importance of providing social security to their employees, thereby extending the coverage of ESIC.

A significant portion of the new employee registrations, 9.22 lakh out of 19.42 lakh, falls within the age group of 25 years or younger. This accounts for approximately 47.48% of the total new employees. This is a positive sign, as it indicates that opportunities

are being created for young individuals entering the job market. The data also highlights positive developments in terms of gender and inclusion. It reports that 3.73 lakh female members were enrolled in ESIC during August 2023, suggesting a commitment to gender inclusivity. Additionally, the registration of 75 transgender employees under the ESI Scheme reflects an effort to extend social security benefits to all sections of society.

It is important to note that this payroll data is provisional. Data generation is an ongoing process, and these figures may be subject to updates and revisions in the future.

In summary, the provisional payroll data of ESIC for August 2023 indicates a positive trend in job creation, establishment registrations, and social security coverage. It shows an emphasis on providing social security to the youth, promoting gender inclusivity, and ensuring that all segments of the population, including transgender individuals, can benefit from ESIC.

संपूर्ण विश्व को शांति और अहिंसा के मार्ग पर चलने के लिए प्रेरित करने वाले राष्ट्रपिता महात्मा गांधी जी का जीवन मानव समाज के लिए एक आदर्श है।

गांधी जी द्वारा दिखाए गए मानवता तथा सामाजिक समरसता के मार्ग को अपनाते हुए विश्व कल्याण की भावना को स्वयं में समाहित करना ही उन्हें सच्ची श्रद्धांजलि है।

महात्मा गांधी जी की जयंती पर उन्हें कोटि-कोटि नमन 🙏
